

## OBITUARY

Magdeline "Angel" Long, 55, of Hackettstown, NJ passed away peacefully in her home on Monday, April 16, 2018.

Angel is predeceased by her parents Julianna and Karoly Czaszar. She is survived by her husband Joe, daughter Julia and grandson Logan. She is also survived by her siblings Rose, Liz, Julie, Cheryl, Frank, Karl and George.

Angel was a beloved wife, mother, grandmother and friend. She is dearly missed by so many. Yet many remain inspired by her outlook on life which was sunny and delightful.

She was much more than a mother and grandmother. Angel was a best friend and confidante. Some of her letters are still cherished; they contained advice on seeking peace and offering forgiveness. Despite her own illness, Angel's company was a refuge for her daughter and grandson. Julia has fond memories of "going to Mom's" whenever she got sick, even in adulthood.

Wherever she went Angel left an imprint, and many felt compelled to open up to her about their toughest times in life. People who knew her noted "Angel touched everyone's heart she came in contact with." Others recall "wherever she went she made life easier." Her infectious laugh, sass and inner beauty were her hallmarks. But perhaps the most amazing thing is that all of this shone through despite her grueling health challenges for 12 years.

Angel helped "conquer the evil with the good" because of her choices to keep a positive attitude, stay appreciative and cultivate hope.
